Reg. No. : ....

Name : ....

Sixth Semester B.B.A. Degree Examination, April 2018
Career Related First Degree Programme Under CBCSS
Group 2(b)
Core Course : BM 1641 Management Information System
(2014 Admn. Onwards)

Time : 3 Hours

Max. Marks : 80

SECTION – A

Answer **all** questions in **one** or **two** sentences. **Each** question carries 1 mark.

1. What is information system ?

2. Define information.

3. What is age of information ?

4. Define DSS.

5. What is formal information system ?

6. What is system analysis ?

7. What is ESS ?

8. What is DML ?

9. Define DBMS.

10. Write any two advantages of DBMS.

(10×1=10 Marks)

SECTION – B

Answer **any eight** questions. **Each** question carries **2 marks.**

11. Discuss the need for MIS.

12. Differentiate between data and information.

13. Explain value of information.

14. List any four characteristics of informal information system.

15. What is closed system ?

16. What is process control system ?

P.T.O.

17. List the types of DSS.

18. What is expert system ?

19. What is logical system design ?

20. Write any two benefits of analysing existing system.

21. What is data dictionary ?

22. What is relational database model ?

(8×2=16 Marks)

SECTION – C

Answer **any six** questions. **Each** question carries **4 marks.**

23. What are the characteristics of information ?

24. Discuss the types of management information.

25. Explain the sub-systems of TPS.

26. Differentiate between structured and unstructured decisions.

27. How can you analyse the existing system ?

28. Write a short note on SSAD.

29. Explain input control in systems.

30. Illustrate the prototype approach.

31. What are the components of DBMS ?

(6×4=24 Marks)

SECTION – D

Answer **any two** questions. **Each** question carries **15 marks.**

32. Describe the impact of MIS on people, organisation and management.

33. What is TPS ? Discuss the merits and demerits of TPS.

34. What do you mean by system implementation ? Discuss the activities involved in system implementation.

35. Who is DBA ? Elucidate the duties and functions of DBA.

(2×15=30 Marks)

Sixth Semester B.B.A. Degree Examination, April 2019
Career Related FDP Under CBCSS
BM 1641 : MANAGEMENT INFORMATION SYSTEM
(2014 Admn. Onwards)

Time : 3 Hours　　　　　　　　　　　　　　　　　　Max. Marks : 80

SECTION – A

Answer **all** questions in **one** or **two** sentences. **Each** carries **1** mark.

(10×1=10 **Marks**)

1. What is a data ?

2. Define Information System.

3. What is EDP ?

4. What do you mean by Information Overload ?

5. Explain Graphical User Interface.

6. What is Office Automation System ?

7. Define Executive support system.

8. Define database.

9. What is meant by value of information ?

10. Explain system analysis and design.

SECTION – B

Answer **any 8** questions in **one** paragraph. **Each** question carries **2** marks.

(8×2=16 Marks)

11. Describe the components of an information system.

12. Explain the features of value of information.

13. What are the components of a DBMS ?

14. Explain the term system.

15. Describe the interactive system for DSS.

16. What are the limitations of MIS ?

17. Explain the role of MIS in operations research.

18. What are the characteristics of a system ?

19. What are the benefits of office automation system ?

20. What is informal information system ?

21. What do you mean by data abstraction ?

22. Define subschema.

SECTION – C

Answer **any six** questions. Answer should **not** exceed **one** page. **Each** question carries **4** marks.

(6×4=24 Marks)

23. What are the limitations of a database ?

24. Explain the benefits of MIS.

25. What are the various methods of managing information overload ?

26. Explain formal and informal information system.

27. Explain in detail the problems in implementing MIS.

28. What are the different types of DSS ?

29. Describe in detail the different database languages.

30. What are the limitations of File Processing System ?

31. Describe database software.

SECTION – D

Answer **any 2 questions in not** exceeding **four** pages **each. Each** question carries 15 marks.

(2×15=30 Marks)

32. Explain the characteristics of MIS.

33. Briefly explain the role of MIS in other related disciplines.

34. What are the different attributes of information ? Explain.

35. What are the techniques of managing overload ?

Career Related First Degree Programme Under CBCSS

Group 2(b)

Core Course

BM 1641: MANAGEMENT INFORMATION SYSTEM

(2014-2016 Admissions)

Time : 3 Hours

Max. Marks : 80

SECTION – A

Answer **all** questions in **one** or **two** sentences. **Each** question carries 1 mark.

1. What is data redundancy?

2. What is Entropy?

3. What is file?

4. What is E-CRM?

5. What is Tele conferencing?

6. What is information overload?

7. What is CAD?

8.   What is Data hierarchy?

9.   What is encryption?

10. What is ERP?

SECTION – B

Answer **any eight** questions not exceeding one paragraph. **Each** question carries 2 marks.

11. Differentiate between data and information.

12. Explain Prototyping approach.

13. What is decomposition?

14. What is Adhoc Report?

15. What is cybernetics?

16. What is business data processing?

17. Explain the components of DBMS?

18. Explain DDL.

19. What is real time processing?

20. What is Data mining?

21. What is information network?

22. What do you mean by System development cycle?

(8 × 2 = 16 Marks)

SECTION – C

Answer **any six** questions not exceeding one page. **Each** question carries 4 marks.

23. What are the Features of Information resources management?

24. What are the factors influencing the quality of information.

25. Explain the benefits of ERP.

26. What are the features of TPS?

27. What are the essentials of a good programmer?

28. Describe the disadvantage of Database system.

29. Explain the tools used in systems development?

30. What are the major security threats in MIS?

31. Describe the methods of file organisation.

(6 × 4 = 24 Marks)

SECTION – D

Answer any **two** questions not exceeding four pages. **Each** question carries 15 marks.

32. Explain Database model and its types.

33. Define MIS. Explain its objectives and characteristics.

34. Explain different types of system.

35. Explain the characteristics and capabilities of DSS. How it is differ from GDSS?

(2 × 15 = 30 Marks)
